To register contact: Eva Wagner

UMMA Education Coordinator

561.3360 or email eva.wagner@umit.maine.edu

Join artist Philip Frey for this fun, two day workshop on dynamic still life painting in oil. Through several small, quick paintings, the class will investigate basic principles of design, seeing, mixing and placing color accurately, drawing, composition, and brush work. Daily demos and one-on-one instruction by the artist create a supportive, informative workshop suitable for all levels.

Philip Frey, *Three Golden*, acrylic on canvas, 2010

"His teaching style is positive, reinforcing, instructional, and gifted."
- Andy Carpentier

"What's wonderful about Philip's instruction is that he often commences a class or workshop with an opening demonstration. It isn't about instruction from the sidelines..." - M. Zamora, Freeport, ME
